

Deering New Ideal Binder

IS BUILT FOR SERVICE

And is one of the lightest-draft binders on the market. The elevators have ample capacity, the canvases deliver grain to the packers quickly, which prevents grain from clogging the platform elevators. It is a binder easily loaded on and off of truck.

Deering Binder Twine

Steel and Manila—all new stock, made of long fibre, which prevents pulling apart.

NUMBER FOUR

Every car of lettuce that was shipped out of this Valley this year (and there were very few shipped) went to an uncertain market. The growers did not know how much they would get for the product until it was sold, and much of the lettuce has remained in the fields. This lettuce commands a high price on account of its excellence. Why can't we find the proper market for this, and assure our grower of a fair price? This question will be answered by the United Produce Growers' Association of Arizona, which is an organization of the farmers and business men to find a market for our products and make the Valley pay a dividend. You can help by buying one share of Preferred Stock and as much Common Stock as you can afford. Each share of stock is Five Dollars, (\$5.00).

This is not a money making company; it is an association to further the interest of the Valley. Give us your help and send in all orders to the Chamber of Commerce, or to the Merchants & Manufacturers Association or to the treasurer of the Company at the Valley Bank.

Epworth League meeting 7:00. A cordial invitation is extended to all. Baptismal service

STUDEBAKER NOTES; NEWS OF THE AUTOS

Certain parts of a Studebaker automobile are measured to one one-thousandth of an inch. This is to insure Studebaker accuracy.

A Studebaker station wagon on a Pennsylvania state road between Carlisle and Harrisburg was driven six miles with the speedometer never below 40 miles per hour. Several times it went up to 45 miles.

Efficiency of manufacture in the Studebaker automobiles is carried to such a point that the grinding of Studebaker pistons is handled in a department only 38 feet wide and 66 feet long. Thirty machines are used merely to grind and finish the pistons.

Plant Two of the Studebaker Corporation, Detroit, is devoted solely to service parts. It supplies all dealers, fifteen branches and all foreign depots. All express and parcel post orders marked "rush" received before 4:45 p. m. are shipped the same day. After steel for Studebaker automobiles has been under the terrific pressure of heavy hammers in the process of drop forging, it is again heated to remove the molecular strain set up by the violent changes under the hammer. By using drop forgings Studebaker cars lost nothing in strength and gain in lightness.

One unacquainted with the magnitude of the industry would never imagine that in supplying photographs of its automobiles and views of its factories, Studebaker makes over 68,000 prints annually. It uses 2,292,325 square inches of photographic paper, and for plates and lantern slides 128,610 square inches of glass.

Did the Studebaker automobile factories build less cars, there would be times when certain men and certain machines be idle. The loss of their earning power would then have to be charged against the number of cars that were made. The Studebaker plants are equipped to turn out about 50,000 cars a year. At present they are running overtime.

CALL FOR BIDS

Sealed proposals will be received at the office of the City Clerk, City Hall, Phoenix, Arizona, until four o'clock P. M. Wednesday, May 25th, 1915, and thereafter considered, for the paving of a portion of 1st Avenue, between the North line of Monroe Street and the South line of Van Buren Street, as per plans and specifications on file in the office of the City Engineer.

A certified check for 10 per cent of the amount of the bid payable to the City of Phoenix must accompany each proposal as a guarantee that the successful bidder will enter into a contract for the completion of said paving in accordance with the plans and specifications on file in the office of the City Engineer.

The right is reserved to reject any or all bids and to waive any informalities in any proposal.
ROBERT A. CRAIG,
City Manager.

Mount Stangney, in South America, has been in constant eruption since 1728.

She's Put In Stitches—You Haven't

And so she can judge from absolute knowledge the extra care which Stein-Bloch put into the turning of a seam.

As merchants, we are more than glad to see the feminine members of the family, particularly when it comes to showing

Stein-Bloch
Smart Clothes

There are so many important points of quality that her eye alone can appreciate.

Style, too, of course. The smart hang and drape of the season's models have brought us many new patrons this spring—each a customer for a Stein-Bloch.

May we show you some of the more popular models?

Some are priced as low as \$20.00.

Goldberg's
STEIN-BLOCH SMART CLOTHES

for adults in the evening. Church is at the corner of Second avenue and Monroe street.

First Pentecostal Mission

Sunday school at 10 a. m. Superintendent Philip Diller. God's dealings with His people in establishing "The Kingdom of Israel" is proving of great interest to all in attendance. Let others join our number. The services at 11 o'clock, 2:30 and 7:30 will be conducted by the pastor, and all are invited to attend. The attendant blessing of the past weeks is anticipated at each of these services. There are also services at 2:30 and 7:30 on Wednesday, and at 8:30 on Friday. Our church is at Seventh avenue and Jackson street. R. L. Homes, pastor.

SOME SHARP-SHOOTING REQUIRED

Is there any way to stop this flight? How many communities are making an effort to check this stampede of money THAT FLIES OUT of their home town. What is OUR community doing? What would all this money mean to YOU and ME, if it were spent with our own business men? The picture is no DREAM or FANCY. The artist has simply brought HOME to us the hard facts. Let us face them as they are. The group of men with shotguns provides the right ACTION for US. Let us organize to stop this flight. Let each one of us REMEMBER: That HOME values increase in proportion as we spend our money at HOME. That HOME values disappear with every dollar sent away.

—The Republican Ad-Man.
